Artificial Intelligence

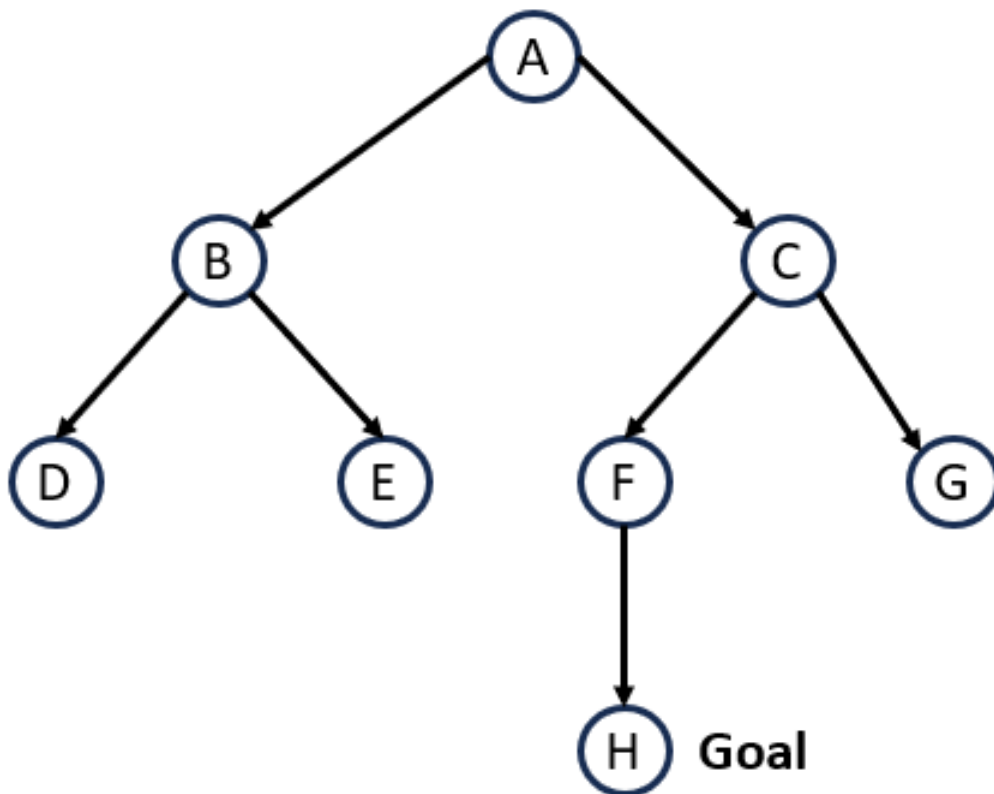

Paper Type: Subjective

Note: To be solved on A4 Sheet only

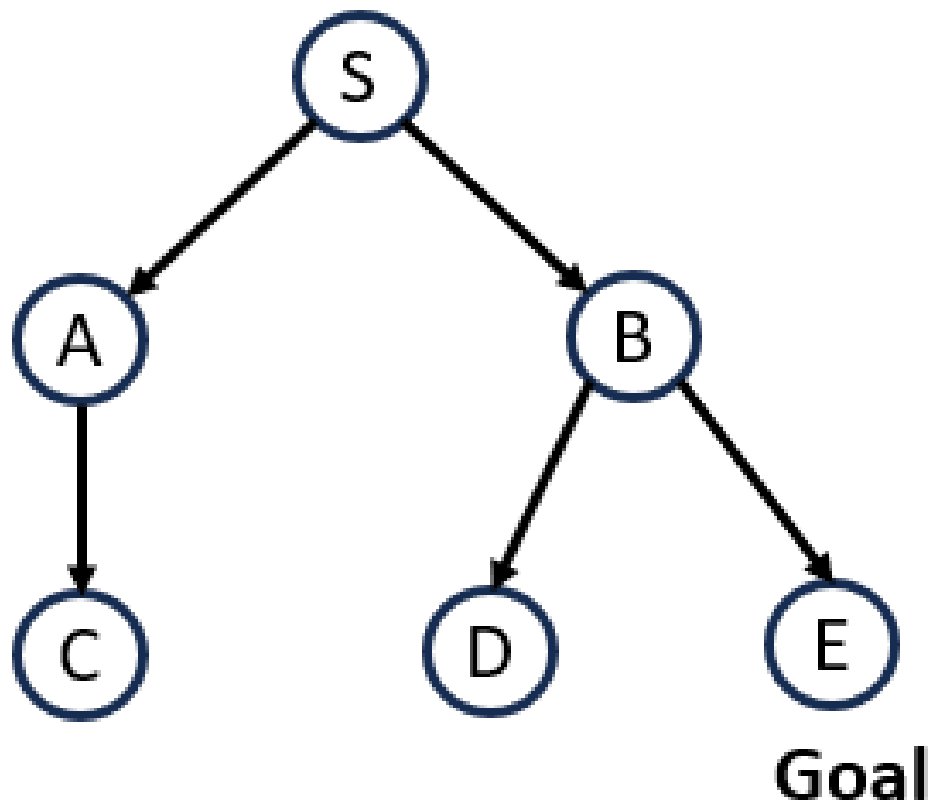

Assignment: Uninformed Search Algorithms

Note: For each question, apply the designated algorithm and provide a detailed solution that includes the step-by-step procedure, the final path obtained, completeness, and the corresponding time complexity.

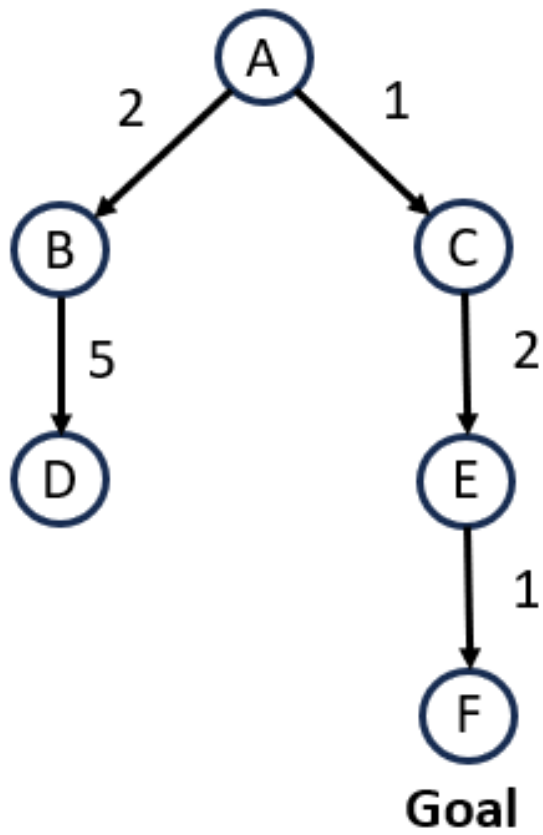

Q # 1: Breadth-First Search

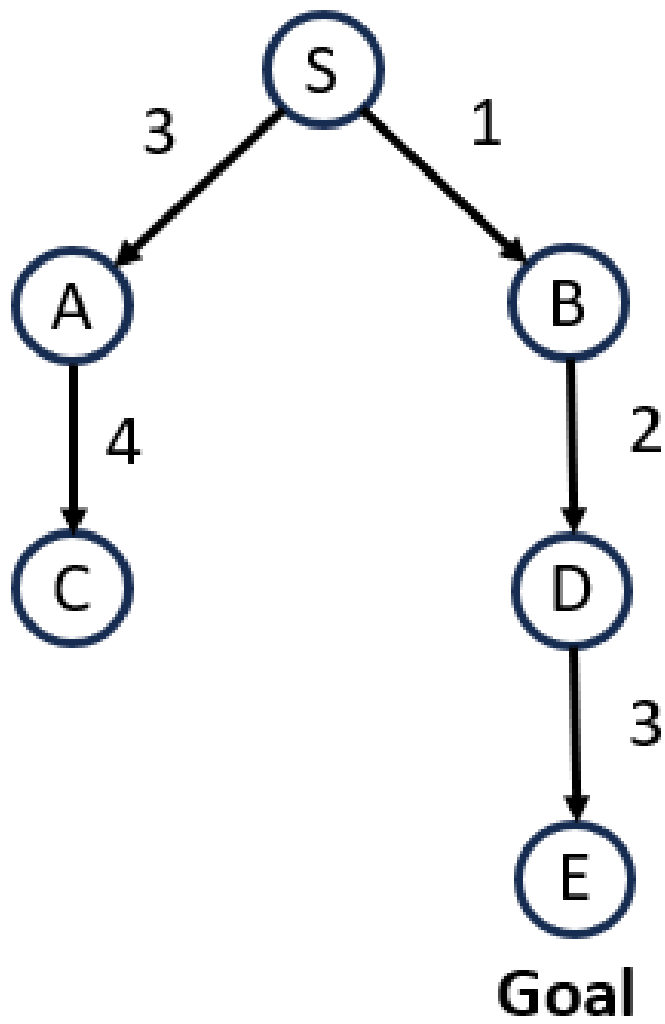

Q # 2 Breadth-First Search

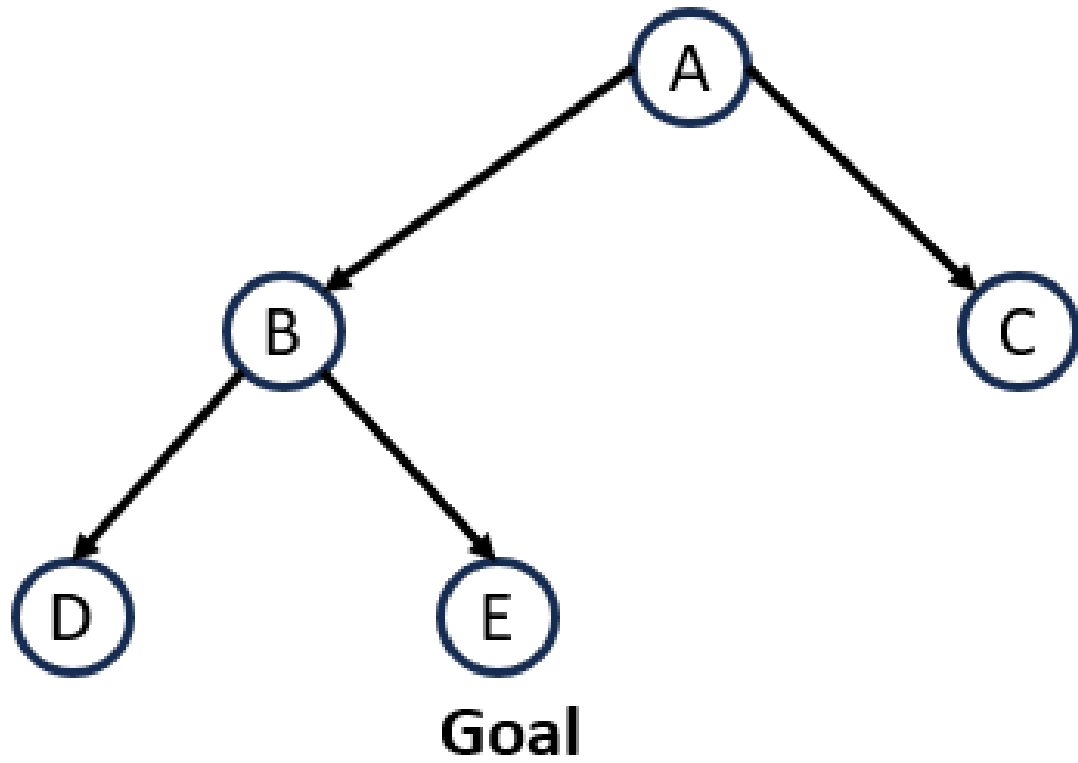

Q # 3: Uniform Cost Search

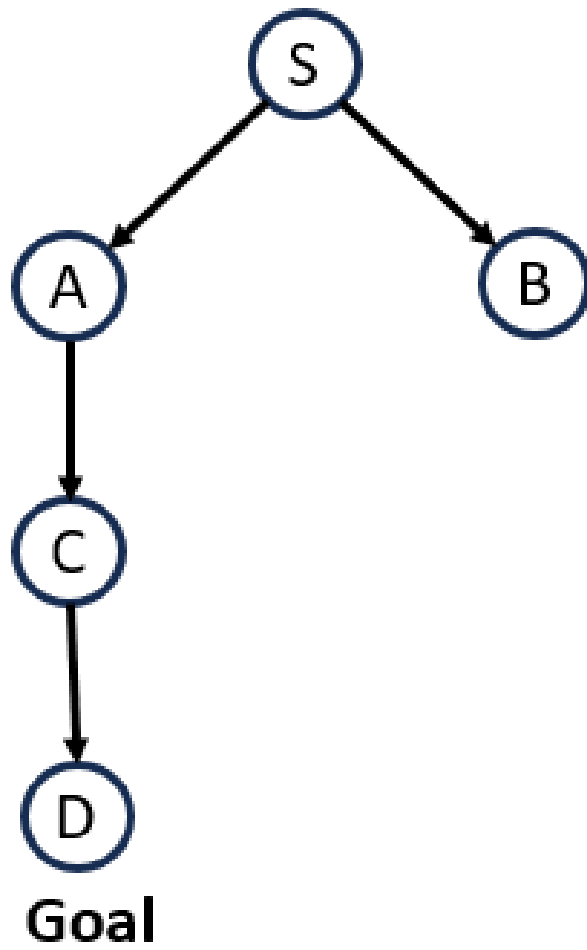

Q # 4: Uniform Cost Search

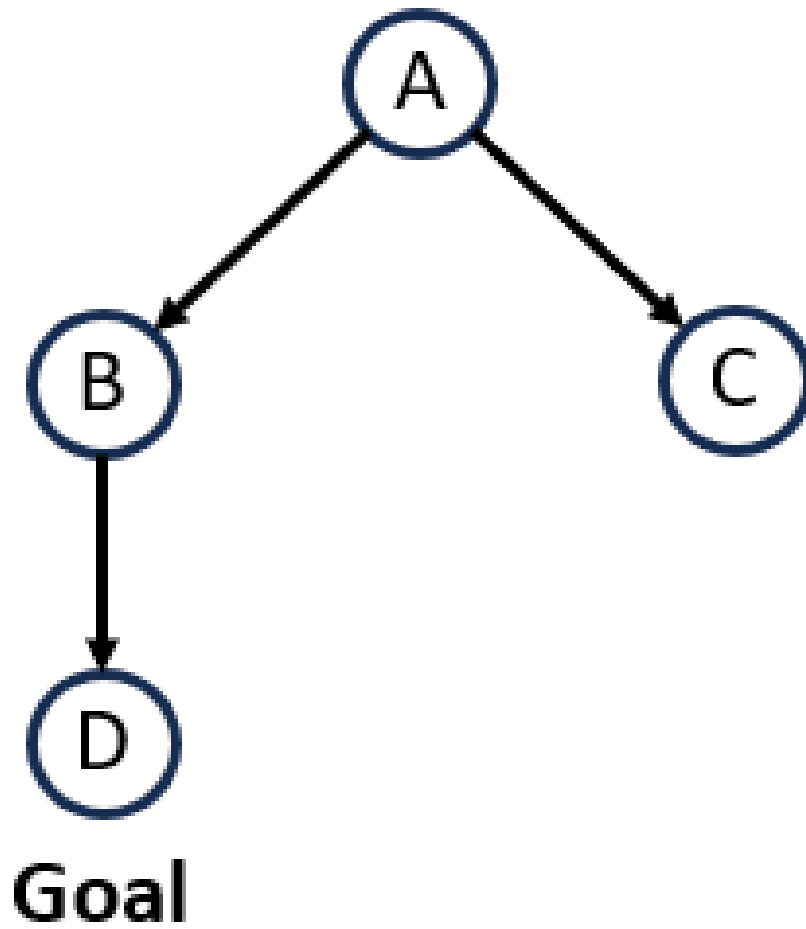

Q # 5: Depth-First Search

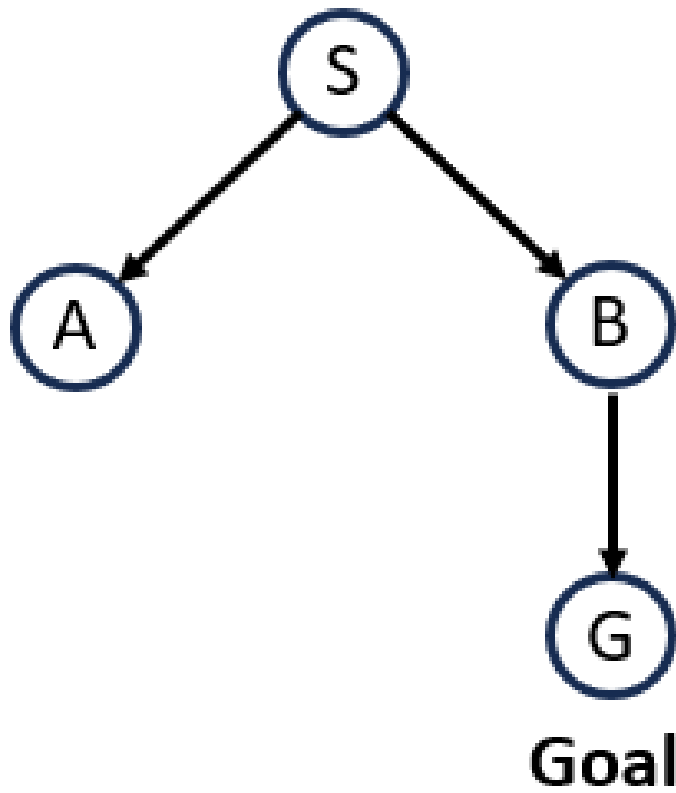

Q # 6: Depth-First Search

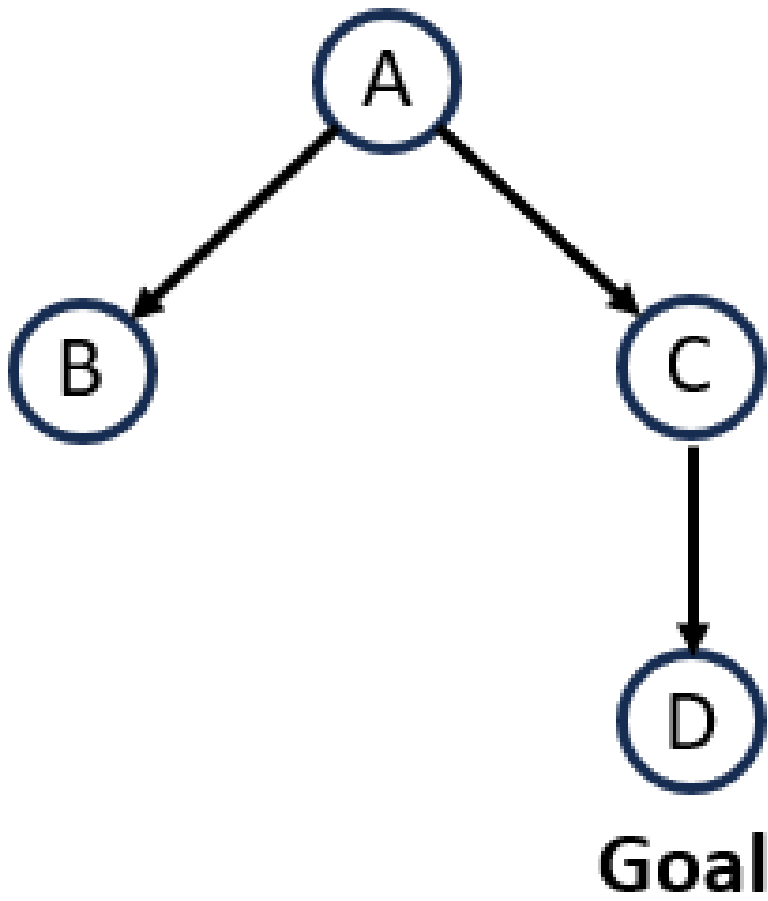

Q # 7: Depth-Limited (Limit=2)

Q # 8: Depth-Limited Search (Limit=1)

Q # 9: Iterative Deepening DFS

Q # 10: Iterative Deepening DFS
